

Problem-Solution Fit

Date	07 July 2026
Project Name	CaptionAI: AI Powered Social Media Caption Generator
Maximum Marks	5 Marks

Problem-Solution Fit Canvas:

The framework below ensures that CaptionAI accurately addresses the root causes, behaviors, and limitations of its target audience. The canvas is filled out in the same 10-box layout as the original visual template.

1. CUSTOMER SEGMENT(S) [CS] • Social media content creators • Students working on digital content • Small business owners • Digital marketers • Influencers • Freelancers • Startups promoting products online	6. CUSTOMER LIMITATIONS [CL] • Limited budget for premium AI tools • Lack of technical knowledge • Limited time for writing captions • Need for a simple, user-friendly interface • Requirement for fast responses	5. AVAILABLE SOLUTIONS (Pros & Cons) [AS] ChatGPT – Pros: high-quality content generation. Cons: needs detailed prompts and manual formatting. Canva Magic Write – Pros: easy for social content. Cons: limited customization in free version. Copy.ai – Pros: fast caption generation. Cons: limited free usage, premium restrictions. Jasper AI – Pros: professional marketing content. Cons: paid subscription required.
2. PROBLEMS / PAINS + FREQUENCY [PR] • Difficulty writing engaging captions for social media posts • Time-consuming process of creating creative content • Lack of suitable hashtags for better reach • Difficulty maintaining consistency across platforms • Frequent need for fresh and unique captions • <i>Frequency:</i> Daily or several times a week	9. PROBLEM ROOT / CAUSE [RC] • Lack of creative writing skills • Limited knowledge of effective hashtags • Time constraints • Difficulty adapting captions for different platforms • No single application providing captions, hashtags, and CTA suggestions together	7. BEHAVIOR + ITS INTENSITY [BE] • Frequently search online for caption ideas • Use multiple AI tools before posting • Edit captions several times before publishing • Depend on trending hashtags • High usage during marketing campaigns and festivals • <i>Intensity:</i> High
3. TRIGGERS TO ACT [TR] • Need to publish content quickly • Upcoming marketing campaigns • Low engagement on previous posts • Limited time for content creation • Requirement for platform-specific captions	10. YOUR SOLUTION [SL] CaptionAI is an AI-powered web application that generates high-quality social media captions based on user prompts. It also provides relevant hashtags and call-to-action suggestions, supports multiple platforms and writing tones, stores caption history, and allows users to copy or download generated content. The application is designed to save time, improve content quality, and increase user engagement through AI-assisted content generation.	8. CHANNELS OF BEHAVIOR [CH] Online • Instagram • Facebook • LinkedIn • X (Twitter) • Pinterest • Canva • ChatGPT • Google Search Offline • Personal notebooks • Brainstorming sessions • Marketing workshops • Team discussions
4. EMOTIONS BEFORE / AFTER [EM] Before • Frustrated • Confused • Stressed • Lack of creativity • Worried about engagement After • Confident • Satisfied • Productive • Motivated • Happy with quality captions
